

# Guggul Lipid Concentrate (90 Caps)

## Benefits:

- Supports the circulatory system.
- Contains standardized guggulsterones.

## How It Works:

Maintaining cholesterol levels is a modern concern. HDL (good cholesterol) is vital to your circulatory system and helps prevent plaque formation. Guggul lipid has been the subject of several scientific studies that suggest that this plant extract has significant nutritional attributes that may support the circulatory system.

## Ingredients:

Guggul lipid standardized to guggulsterone content.

## Recommended Use:

Take 1–2 capsules with a meal three times daily.
