How to Set-Up a ZYTO Remote Scan

1. Go to **www.zyto.com/remote-app** to download and install the ZYTO Remote App.

   (Note: Hand Cradle drivers will be installed during this process.)

2. Plug your ZYTO Hand Cradle into your computer.

3. Double click the "Zyto Remote App" on your desktop.

4. Enter the remote code you receive from your practitioner and click "Connect".

5. Place your hand on the Hand Cradle and wait for your practitioner to begin a scan.
