

SolleVirtual 2020

Solle Naturals Is Going Virtual!

Due to the uncertainty that still exists surrounding the Covid-19 pandemic, Solle Naturals has made the decision to postpone the previously scheduled August Orlando Convention until 2021, and instead replace it with a one-of a kind **virtual event to be held, August 26-28th.**

While nothing can completely replace an in-person event or the joy that comes with face to face interaction with the Solle family, this virtual event will provide some unique opportunities. Opportunities such as inviting team members to attend who would not be able to make the trip to Orlando in August, or the opportunity to introduce new friends or contacts to the warmth and excitement of the Solle Naturals culture.

Just like a regular Solle Convention, Solle**Virtual** 2020 will include live presentations, team building exercises, new product information and live recognition to honor achievements made during the past year. We are also planning fun online activities and competitions leading up to Solle**Virtual** 2020.

Anyone can login and view Solle**Virtual** 2020's free livestream events, but registered attendees will receive the official Solle**Virtual** 2020 registration packet which includes a workbook and other useful items. Registered attendees will also be eligible to participate in online competitions and drawings where they can win valuable prizes including laptop computers, iPads, Solle branded gear and more. The registration fee for Solle**Virtual** 2020 is just \$25. To register call 801-823-0430. Stay tuned for more details.
